## CONFESSIONS CLEAR UP FOUR COUNTY THEFTS

Four burglaries committed over the past week-end in the eastern and southeastern part of Adams county were solved by state police of the Gettysburg substation today with the arraignment of two youths before Justice of the Peace Robert P. Snyder on burglary charges, and signing of guilty pleas by the two defendants.

The youths were John Henry Laughman, 21, of Spring Grove R. 2, and James Kelly Rorer, 20, of Hanover R. 2. After signing the pleas shortly before noon today in Squire Snyder's office, they were held for the next sentence court and remanded to the Adams county jail.

Informations signed by state police charge that last Saturday Laughman and Rorer together broke into these three places: the Ollie Shultz service station on the Cross Keys-York Springs road a short distance north of Hampton; a lunchroom and diner operated by Sylvester Krumrine on the Cross Keys-Hanover road near the Bethlehem quarries, and the Drive-In restaurant in Midway.

Other Cases Unsolved  
Laughman was also charged individually with breaking into the service station at Cross Keys operated by John Moore on Sunday. Police said pinball, bowling and cigarette vending machines and juke boxes were broken open and money taken from them.

Police said Laughman and Rorer took ice cream, two cartons of cigarettes and money to the total value of \$9 at the Shultz service station; \$30 in money at the Krumrine place and \$20 in money at the Drive-In restaurant, operated by Edwin Gooding of Hanover.

Laughman is charged with the theft of approximately \$100 from the Moore service station Sunday, from various games and vending machines. At his arraignment today, however, Laughman denied that he got this much at the Moore place, and declared that the total amount taken at all four places could not have run more than \$100.

State police said today they were still investigating reports of the burglary of the Bowling Center at Midway Monday night, when one of the youths arraigned today was already in jail, and are assisting Chief of Police Leon H. Gage in the investigation of a burglary at the R. L. Crouse garage Monday night at Littlestown.

## Eisenhowers Interested In County Farms

The possibility that Gen. and Mrs. Dwight Eisenhower may be interested in buying a farm in Adams county developed today as reports of their visit here last Saturday were accumulating.

The Eisenhowers in the company of four other persons visited several farms in the county Saturday and The Gettysburg Times learned today they were shown the properties by John C. Bream, local real estate agent. Mr. Bream himself would not discuss the visit; and said he was "pledged to make no comment at this time."

One farm visited, it was learned, was the former B. T. Dickinson farm in Mt. Joy township along White Run, about three miles south of here and a mile north of the Gettysburg-Littlestown highway.

At Columbia university today, an inquiry by the Associated Press brought a statement from the public relations office that "it was merely a week-end trip to the Gettysburg area and no farm was involved."

Various persons who saw the Eisenhower party described one of the men in the party as a U. S. Senator. Another said one man in the group was a Colonel Riley and that another was "George Allen." The party lunched at Rose Garden tea room and ate dinner Saturday evening at the Altland House in Abbotstown.

## ANNUAL DINNER MEETING OF R.C. SET FOR OCT. 24

Plans for the annual membership dinner meeting were outlined Tuesday evening at the September meeting of the board of the Adams county chapter of the Red Cross. The session was held in the new meeting rooms in the court house.

Dr. Paul Swain Havens, president of Wilson college and chairman of the Franklin county chapter of the American Red Cross, who has just returned from a six-months tour of Europe, will be the principal speaker.

Named as the committee to arrange for the dinner to be held Tuesday, October 24, at the YWCA, were Mrs. Frank Kramer, chairman, Mrs. Ralph Barley and Mrs. Orville Orner. The nominating committee selected to present names of candidates for the board at the October 24 meeting include Mrs. Charles Pitzer, chairman; Mrs. Earl Bowen and Mrs. Donald M. Swope.

List October Events  
Stressed at the meeting were two other sessions to be held in October. October 17 a home service conference for 15 chapters of the Red Cross in this area will be held at the YWCA here. On Tuesday, October 10, a 12-hour home nursing instruction program, open to the general public, will begin. The course will be held, in two-hour sessions each night, each Tuesday and Friday evening for three weeks thereafter. The Red Cross hopes to enroll at least 15 students in the course.

Donald Joseph, Recreation director for the borough, was announced as the new chairman for the Red Cross water safety program, and Carl Prosser was announced as a new member of the finance committee.

Mrs. Albert Bachman, chapter chairman, reported that representatives from the York, Harrisburg, Lancaster, Chambersburg, Lebanon, Steelton, Adams county, Middletown, Shippensburg, Mechanicsburg, Carlisle, Hanover, Huntingdon, Mt. Union and Waynesboro chapters of the Red Cross will attend the Home service conference here. Mrs. Florence Turner, home service field consultant from the Eastern area of the American Red Cross, will conduct the meeting assisted by Henry Bloss, field director at the New Cumberland general depot.

1st Aid Heads Reports  
The agenda for the meeting will cover the Red Cross current program for active service personnel and their dependents with emphasis on new legislation and financial assistance.

Dr. Clarence Bartholomew, retiring chairman of the first aid committee, in his report urged organization of first aid classes on a county-wide scale, as "one of our first obligations in civil defense."

He reported that first aid stations were maintained by the Red Cross at the firemen's festival June 30 to July 4, the Sesqui-centennial pageant, August 30-September 4 and the South Mountain fair from September 6 through 9. A total of 35 cases were treated ranging from bee stings to a gall-bladder attack, the report showed. It was added that the figure did not include a number of lost children who went to the Red Cross tent and were given "first aid" in the form of return to their parents.

## Sums Refunded To Sesqui Underwriters

Advancing the efforts of the Adams County Sesqui-centennial Association to wind up its affairs, Treasurer J. D. Miller has mailed checks refunding to underwriters the full amounts they advanced to the Sesqui organization earlier this year.

The checks, which total about \$1,800, cover sums advanced by underwriters to give the Sesqui cash with which to operate until ticket sales supplied funds with which to finance the Sesqui celebration.

The underwriters were promised when they advanced the money in the spring and early summer that they would be repaid if funds remained after all Sesqui expenses had been met.

When Sesqui affairs have been concluded and the account audited, a final meeting of the Sesqui organization will be held to bring the association's existence to an official end.

## CIRCUS TICKETS WILL BENEFIT FUND FOR CLINIC

In a drive to raise money for the establishment of a children's dental clinic, the Rotary club will bring in the Mills brothers three-ring circus, menagerie and horse show to the Recreation field Wednesday, October 4.

In connection with the dental clinic fund, Dr. Kenneth Smoke, Rotary club president, asked Gettysburg patrons to purchase their tickets before show day. He pointed out that the Rotary club's dental clinic fund receives 50 per cent of advance adult ticket sales while it receives only 10 per cent of the show day sales. "Inasmuch as there is no advance in price for tickets purchased now and any time before show day, we urge patrons to secure their tickets now and help the clinic fund."

The Rotary club event will have as its guests at the matinee performance hundreds of needy children from the Gettysburg area. Their tickets are being sponsored by many local business and professional men who are designating themselves as "Circus Daddies."

## Rumors Say North Koreans Ready To Quit And Accept UN Settlement Of Issues

New York, Sept. 27 (AP)—Rumors circulated at the United Nations today that the North Koreans have indicated willingness to quit fighting and accept U.N. settlement but there was no confirmation whatever.

Andrew Cordier, executive assistant to Trygve Lie, U.N. secretary general, said the U.N. had no communication from the North Koreans. The Indian delegation which figured in negotiation rumors as a go-between, said it knew nothing of the report. The American delegation also said it had no knowledge of it.

The State department in Washington also said it knew nothing of the reports which were widely distributed throughout the United States as having come from authoritative sources.

Tokyo, Sept. 27 (P)—American marines captured and raised the Stars and Stripes today over the South Korean national capital and foreign consulate buildings in the heart of partly burned-out Seoul.

Fighting blazed on in the capital city but the cleanup battles of liberation appeared to be nearly over.

The leathernecks fought their way into the capital, the French and Russian consulates and the U.S. ambassador's residence against fierce Red death-stand resistance.

All are in the northern, modern section of the lopsided city of ancient and new structures.

City Rocked By Battle  
Thousands of shattered houses marked the path of the marine drive into the approximate center of Korea's 500-year capital which the Reds took three months ago Thursday.

Seoul shuddered and rocked Wednesday under massive barrages of fire and steel.

Small pockets of the die-hard Reds still were resisting. The leathernecks fought through winding alleys and from house to house to oust them.

By late Wednesday afternoon, only a small section of Seoul still was in Red Korean hands, AP Correspondent Tom Lambert reported from the Seoul front. Lambert rode in a jeep past shell-blasted buildings and reported the raising of the American flag.

Take Heavy Enemy Toll  
Lambert's dispatch was filed at 6:59 p.m. (4:59 a.m., EST).

Earlier, AP Correspondent Don Whitehead had reported from another sector that marines held only one-third of the city Wednesday morning.

Lambert said American casualties in Seoul were light compared with those of the Reds. A Seventh Division unit, also fighting in Seoul, killed, wounded or captured 1,128 Reds in the 24-hour period ended at 4 p.m. Wednesday. During that time it sustained 111 casualties.

Official sources said United Nations forces killed, wounded or captured nearly 6,000 Reds along the entire Korean battlefield Tuesday.

The Allied line was spliced together at Changji, 25 miles south of Seoul.

Linkup At Changji  
At the linkup AP Correspondent Bill Ross said First Cavalry tanks rammed through a last-ditch Red attack to join Seventh Infantry Division units from Inchon-Seoul in the walled town of Changji, about 25 miles south of Seoul. The task force raced the last 55 miles through Red territory in one day.

## 12 Captured Yanks Slain

Tokyo, Sept. 27 (AP)—General MacArthur's headquarters said today the bodies of 12 American soldiers with arms bound were discovered in Chinju Tuesday by the U.S. 25th Division. Two other men, wounded but still alive, said 14 of them had been prisoners.

Headquarters reported they said when the North Koreans realized Chinju, on the extreme South Korean front, was about to fall they tied the Americans together, marched them into a ravine and turned machineguns on them. The two survivors were wounded seriously but escaped by shamming death.

Headquarters said the body of a North Korean was found among those of the murdered Americans. The dead Red was reported to have refused to help kill the Americans.

General MacArthur's headquarters release said the wounded Americans had no food or water for five days.

## TERRORS MEET BULLETS HERE IN 21ST GAME

The Gettysburg-Western Maryland college football series becomes of age this Saturday when the teams clash for the 21st time in a series begun in 1891.

Gettysburg holds a wide advantage over the Green Terrors with 16 triumphs against but three defeats and a tie.

Saturday's contest will be the first home game for the Bullets who dropped a tough 20-15 decision to Bucknell last Saturday evening at Lewisburg.

Dwight Speaker, the Bullets' ace ball carrier, will undoubtedly be out of action. Speaker, who was injured during drills last week, made a brief one-play appearance against Bucknell.

If Speaker is unable to play, the starting backfield will consist of Bobby Bitner, Don Young, Jack Jones and Ronnie Fitzkee. Gene Coder, end, who is out indefinitely due to an injury received in the opening game, will be replaced by Dick Thomas.

This afternoon the varsity squad was listed for a scrimmage with the freshman squad.

## ROTARIANS HEAR TALK ON KOREA

"The Korean situation is more than a test of communism and democracy; it is a test of the United Nations," Dr. John Aberly, Gettysburg, told the Littlestown Rotary club at their weekly meeting Tuesday evening in Scott's banquet hall. The speaker traced the history of Korea from the time of Abraham to the present. He said, "Korea is a country twice as large as Pennsylvania with a population of 29 millions, nine million of whom are in North Korea and the 20 millions in South Korea."

Continuing he said, "Korea was a United country from 700 A.D. until 1910, when it was taken over by Japan, who ruled until 1945. Since the last World War it has been divided into North and South Korea at the 38th parallel through an agreement between Russia and the remainder of the Allies."

The program was in charge of the International Service committee, Luther D. Snyder, chairman. The speaker was introduced by the Rev. David S. Kammerer, who is a former pupil of Dr. Aberly.

Two musical selections, "Fantasia" and "Commodore" were presented by Paul R. Snyder on the cornet, accompanied by George P. Smith on the piano.

## North Koreans

Baker of Spokane, Wash., leading the First Cavalry column, blasted through Red fire at 10:25 p.m., on Tuesday (8:25 a.m. EST).

Lt. Frederic Prociissi, of Detroit, with the Seventh Division's 31st Regiment, investigated. He recognized the American tank silhouette. "What the hell are you doing out here?" Prociissi barked. "Dammit, you're not supposed to be here. You're supposed to be back at the (Suwon) airstrip."

Baker's voice cut through the rattle of Red Korean fire.

"I'm from the First Cavalry."

"Then he leaped from the tank turret and pumped Prociissi's hand. 'I never was so glad to see anyone in all my days,' Prociissi said. 'But you don't know how close you came to catching everything we had. We thought you were Red tanks moving around.'"

The linkup was made close to the place where the first American soldier was killed in the Korean war. That was July 5.

# PENNANT RACES CAN BE DECIDED IN TODAY'S TILTS

By WILL GRIMSLEY  
(Associated Press Sports Writer)

This could be "Flag Day" for the New York Yankees and Philadelphia Phillies.

New York's magnificent "Clutch" team and Philadelphia's dashing youngsters were in a position to lock up the American and National league championships before sundown and put to rest all the feverish excitement over who will play in the 1950 world series.

This would make a mere formality of the week-end windup that was figured to be loaded with high tension stuff.

Here's the picture:

**American League**

	W	L	Pct.	G.B.
New York	94	54	4	
Boston	92	57	3 1/2	5
St. Louis	91	57	4	6

**National League**

	W	L	Pct.	G.B.
Philadelphia	90	58	6	
Brooklyn	84	62	5	8

The so-called magic number for the Yankees this is two. For the Phillies it's three.

**Yanks Meet A's**

That means any combination of those numbers—in victories for the Yanks or Phils and defeats for their challengers—would clinch the pennant.

The Yankees moved today into Philadelphia for two games with the last-place Athletics before finishing off against Boston at Fenway Park.

A Yankee victory linked with a single loss for Detroit and Boston thus would return the Bronx Bombers to familiar world series surroundings without further ado.

The Detroit Tigers, their once flaming pennant hopes chilled by a last week letdown, met the Canuckers St. Louis Browns at Detroit. Boston entertained Washington in a doubleheader. Both must keep winning to stay "alive."

**Phils Face Giants**

The Phillies, meanwhile,—already long overdue in staging their flag clinching party—moved into New York where the first item of business was a doubleheader with the New York Giants.

The challenging Brooklyn Dodgers, five games in arrears, played the Boston Braves twice at Ebbets field. The Phillies could clinch by winning two while the Dodgers split or by splitting while the Dodgers lost a pair.

The Tigers' pennant hopes already ebbing, all but disappeared yesterday when they could get no better than a split with the Browns.

The Browns win the opener, 3-1, behind Don Johnson after the Tigers left a dozen men on bases. They were ahead, 3-1, in the aftermath until George Kell unloaded the bases in the eighth to help the Tigers to a 5-3 triumph.

**Braves Are Out**

They had a chance to pick up ground on the Yankees, who lost a weird game to the Washington Senators, 11-9, before snatching the second, 10-7.

After spotting the Senators a 10-1 lead in the opener, the champions rallied. They had the winning run on base in the ninth with one out but couldn't quite make it as Mickey Harris put down the uprising. Tom Ferrick, the third pitcher to see action, was credited with the Yankees' second game victory.

The Phillies eliminated Boston's last mathematical hope of a pennant by whipping the Braves, 8-7. Bob Miller, who has been out with an injury, had a one-hitter going into the seventh but then the roof caved in. He had to be relieved by Jim Konstanty, making his 71st relief appearance for a new major league record. Konstanty in turn was relieved by Blix Donnelly, who was the winner.

**Indians Win Again**

Gil Hodges and Carl Furillo banged home runs as the Dodgers turned back the Giants, 8-4. Ralph Branca was the winning pitcher.

The Cleveland Indians, who started too late, blanked the Chicago White Sox, 2-0, on Early Wynn's six-hit pitching at Cleveland. Al Rosen homered for the Indians.

Further misery befell the once mighty St. Louis Cardinals, who dropped below the .500 figure by losing to Cincinnati, 7-2. Howard Fox is the Reds' winner.

The other clubs were not scheduled.

# ODDS SHORTEN ON LOUIS IN FIGHT TONIGHT

By MURRAY ROSE

New York, Sept. 27 (AP)—Joe Louis, who retired two years ago, battles Ezzard Charles at the Yankee Stadium tonight in an effort to become the first heavyweight titleholder in history to regain the prized crown.

A fresh flood of Charles money has dropped the price on the title fight to 5 to 8 in favor of the Brown Bomber.

If the odds hold up until the 10 p.m. (EST) fight time, Louis may enter the ring at the shortest odds since he first won the heavyweight crown from Jimmy Braddock in Chicago on June 22, 1937.

Not since his second scrap with Max Schmeling 12 years ago has Louis been held in such low esteem by the bookmakers. That night he was the 5 to 9 choice when he annihilated the Ullian in one round.

**Expect 30,000**

A crowd of around 30,000, paying from \$3 to \$30, is expected to visit the big ballpark.

Another 25,000,000 fans probably will watch the 15-round bout via television and millions more will hear it over a national CBS radio network. CBS also is televising the show. The combined TV-radio network is the greatest ever for any single event.

The T. V.-radio rights were sold for \$140,000 of which Louis is receiving 35 per cent and Charles 20 per cent. That is the way they will split the gate and motion picture proceeds, too.

The promoting International Boxing club is hoping for a gross gate of at least \$250,000.

Increasing cloudiness, with a low temperature of 55 to 60 was the Weather Bureau's forecast for tonight. In the event of rain, the fight would be scheduled for tomorrow night.

Ezzard will give away about 34 pounds — he is expected to scale around 183 to Louis' 217 at the noon weigh-in at Madison Square Garden.

**Eastern League**

Wilkes-Barre, Pa., Sept. 27 (AP) — The Wilkes-Barre Indians need only a victory here tonight to clinch the Governor's Cup playoff of the Eastern league. Returning here from Binghamton, where they shut out the triplets last night, 3-0, the Indians boasted a lead of three games to one.

They counted on Jose Santiago to give them the vital fourth win in the best-of-seven series. He won the second game between the two clubs. Tom Morgan, loser of the series' opener, got the nod for Binghamton.

Sad Sam Jones gained credit for last night's win, his second of the final series. Art Dyck was the loser.

Wilkes-Barre scored what proved to be the winning run in the second inning. Nat Clifton doubled with two out. Dale Long made a sensational grab of Don Mallott's grounder along the first base line, but his off-balance throw went over the head of Dyck, covering at first, and Clifton scored. The Barons added two insurance runs in the eighth on three singles and an out-field fly.

**Yesterday's Stars**

(By The Associated Press)

**Batting:** George Kell, Tigers—Kept Detroit's pennant hopes alive with three-run double in eighth inning to give Tigers a 5 to 3, second-game victory over Browns.

**Pitching:** Don Johnson, Browns—Though in frequent trouble, stopped Tigers in opening game of twin bill, 3-1, on nine hits.

**Bloomington, Pa., Sept. 27 (AP)**—Solicitor, world record money-earning two-year-old pacer, boosted his winning to \$46,309 yesterday by taking the Bloomington Fair Stake.

The son of King's Counsel, owned by W. N. Reynolds of Winston-Salem, N. C., trotted the first mile under Del Miller's guidance in 2:07 and the second in 2:06 4/5. The stake grossed \$13,351.75, with \$6,591.14 going to Solicitor.

**Horrible Example**

One of Rip Engle's standing orders to his Penn State football players is never to lose their tempers, toss a punch at an opponent or commit any "personal foul" that would cost the team the services of a player. . . . Rip appeared for his usual Monday lecture this week, somewhat red-faced and embarrassed. . . . His son, Charles (Chip) Engle, sub quarterback on the State College, Pa., high school team, had been tossed out of a week-end game for taking a poke at a rival.

**Dots All, Brothers**

Hugh Devore reports that when he first saw his NYU football squad there were just 35 men—23 backs and 12 linemen. . . . Don't be surprised if Dixie Moore, national basketball league commissioner, names Joe Serafin, the baseball ump from Scranton, Pa., as referee-in-chief.

Pants Rowland, Pacific Coast league prexy, has received a plaque marking the 200,000 miles he has traveled by air. . . . Good thing they don't award those things for words.

**Truman's Letter On Marines To Be Sold**

Frostburg Md., Sept. 27 (AP) — For insurance purposes, President Truman's explosive letter about the Marines is "fine art." And for other purposes, Says Rep. Beall (R-Md.), it will be auctioned off.

Beall said last night he has sold a \$10,000 fine arts insurance policy on the letter, in which the President said the Marines "have a propaganda machine x x x almost equal to Stalin's."

The letter was written to Rep. McDough (R-Calif.). It was followed by a public furor, which was followed by an apology from Mr. Truman to the Marine Corps.

Beall said McDough bought the insurance policy from him last Friday.

## GHS Vets Face Carlisle

Two veteran letter men holdovers from last year, Clyde Cleveland, left, a guard, and Bill Williams, fullback, will be at their regular positions when the Gettysburg high Warriors and Carlisle Thundering Herd clash here Friday evening at 8 o'clock in the first South Penn all-conference game for each school. Cleveland, a South Penn all-conference choice last year, has been a fine performer on the front line in the initial two games while Williams, heaviest of the backs, has been an efficient line-cracker and punter.

**Valley Forge BEING READIED**

Phoenixville, Pa., Sept. 27 (AP)—Valley Forge Army hospital, ordered to return to active status October 1, will be ready to receive its first casualties from Korea within three weeks, a hospital spokesman says.

Operations will begin gradually, with 15 doctors scheduled for assignment at the hospital October 15, the spokesman said.

The institution will be ready to accept patients "a few days thereafter," he added.

Col. Albert R. Dreisbach, commanding officer at Valley Forge, said yesterday that with a normal capacity of 1,600 beds, the hospital needs a staff of 2,000, including 90 doctors, 180 nurses, ward attendants, maintenance workers and guards.

The physical plant, he added, is ready for patients at a moment's notice, its stock rooms well supplied and its operating rooms, dispensary, X-ray department and pharmacy "all set."

**Accept Alcoa Offer; But Will Ask More**

Pittsburgh, Sept. 27 (AP)—A 10 per cent wage raise offered its employees by the Aluminum Company of America has been accepted by the CIO United Steelworkers with a promise the union will ask for more.

In announcing acceptance of the Alcoa offer yesterday, USW Vice President James Thimmes said the union had asked the company to advance the November 1 date on which wage provisions of the current pact may be reopened.

No date was suggested by the union and there was no immediate reaction from Alcoa to the request.

The Steelworkers also forwarded to Alcoa a letter at the conclusion of the session held yesterday to consider the wage boost offer. The letter said in part: "It is of course obvious and in part recognized that your employees x x x need a substantial wage increase. Your wage proposal is a step toward meeting the needs of your employees but falls short of actually doing so."

Trenton, N. J., Sept. 27 (AP)—The franchise of the Trenton Giants in the Interstate baseball league is being transferred to Sunbury, Pa., it was announced today.

Dwindling attendance was given as a reason by William B. McKechnie, Jr., business manager of the Trenton club.

The Trenton Giants were operated by the New York Giants under a Class B franchise for the past five years. The Trenton club will be moved to Sunbury under a three-year agreement with the Sunbury Baseball association, McKechnie said.

## Today's Talk

By GEORGE MATTHEW ADAMS

**THE JOY OF IGNORANCE**  
No matter how much we think we know, actually we know so very little. Even after long years of learning we meet someone who puts us to shame because of our ignorance. But this ignorance has its advantage—it gives us constant joy in discoveries!

Rare is that day in which we do not learn of something, about which we were entirely ignorant. The out-of-doors is one vast classroom, where silent teachers hold forth. How many trees, flowers, or birds do you know the names of? They may be perfectly familiar, yet only a selected few ever go to the trouble to learn all possible about them. I say trouble. Rather should I say effort, for that is all that it takes—and what a joy is the discovery of secrets about them all!

The more ignorant we are the greater is the thrill over learning something new. Recently I drove through a country road and showed my friend a beautiful team of oxen. He had never seen oxen before, and the sight thrilled him. I then explained about their use and how proud their possessor was of them.

I always learn something new every time I watch a carpenter, mechanic, or fisherman, for one never knows when that knowledge may come in handy. We learn a great deal from books, but our best knowledge comes from observation, and the happiness experienced is far greater. The naturalist who gains his knowledge this way experiences the joy of a new world revealed.

I learned some interesting things about chipmunks this summer. I had them so tame that they took peanuts from my hand. I noted that as fast as I fed one the peanuts would disappear as though eaten. But they were only stored in its cheek until it could hold no more and then it would scamper away to store them for a later repast. The chipmunk's cousin, the squirrel, doesn't do this.

Every time we meet a fact, or situation, strange or unknown to us, our ignorance is at once challenged, the mind is stimulated, and our ignorance shrinks, giving place to added joy.

Tomorrow Mr. Adams will talk on the subject: "Floating Music."

## Just Folks

**MIND READER**  
Though his palm I cannot read,  
Prophecy in cards can't find,  
Lacking all that gypsies need,  
I could clearly read his mind.  
This is what he thought of me:  
"What a bore he's grown to be."

Proudly taking time to boast  
Of a little boy in bed,  
I was just a chattering host.  
Telling bright things he had said.  
I could read, had I been blind,  
This was running through his mind:

"Why do grandpas prattle so?  
Must I hear these tales again?  
Why so foolish do they grow?  
Why so wearisome to men?"  
Thoughts like these I always find  
Reading any bachelors' mind.

# Building Ideas For Home Owners Of This Community

Rooms	Six
Bedrooms	Three
Closets	Eleven
Cubage—House	18,500
Garage	3,000
Dimensions	31' x 23'

Contrasting with the Colonial style exterior, the modern interior is designed for comfortable and gracious living. Its six rooms, including a large living room, a dining room, the combination kitchen-breakfast room, and three bedrooms, are arranged for convenience and comfort. Eleven closets, a dressing room, built-in china closets, a lavette on the first floor and a bathroom on the second floor complete this picture of a well-planned modern home.

Measuring 31' x 23', "The Princeton" has a cubic footage of 18,500 feet. The garage is 19' x 10' and has a cubage of 3,000 feet. A 60' lot would be required.

**Clapboard Exterior**  
A light shade of gray with white trim would make a most attractive and suitable finish for the clapboarded exterior. Black shutters at the windows would add a delightful decorative touch. The old Colonial door with its decorative door jamb and cap should also be painted white; so should the window caps. Using white beneath the front windows on first floor will give added contrast to the gray sidewalls. The latticed windows on the second floor also contribute to the handsome exterior appearance of the house.

Even the garage with its sloped roof, following the lines of the house roof, is in perfect harmony with the over-all architecture of the house. There are windows on each side of the 19' x 10' garage. A door, opening onto the porch or breezeway, provides easy access to the kitchen through a side door.

Two coat closets, one at either side of the front door, are conveniently placed for hanging guests' wraps as well as for storing stormy weather apparel.

The entry hall itself receives light through the panes in the front door. An archway at the left opens into the dining room; the archway at the right leads to the living room.

**Open Stairway**  
Opposite the front door are the open stairs leading to the second floor. Beside these stairs is the hallway that connects with the rooms in the back of the house. A door at the end of the hall, before the turn, shuts off the back part of the house which contains another coat closet, the lavette, the door to the cellar stairs and the kitchen.

Also off the hall is another doorway to the spacious living room which is 22' x 11'4". Flanked by windows, the big fireplace is centered in the outside wall. There is another window in the front wall. French doors in the back wall open on the 11' x 8' piazza that overlooks the back garden.

Going from the living room into the back arm of the U-shaped hall you find a coat closet and a lavette on the right. A swinging door at the very end of the hall opens into the 11' x 10'6" kitchen. On the left is the refrigerator, with the stove placed next to it.

To the right of the hall door is the L-shaped working counter complete with overhead cupboards and extending as far as the broom closet. In the middle of the counter, beneath double windows, is the location for the sink. Between the kitchen door and the side window is a rounded counter that can be used as a breakfast bar.

**Built-In China Closets**  
Built-in china closets are located in the two back corners of the dining room. A side and front window of 100 ministers and laymen expected here to attend the fall meeting of the Carlisle Presbytery in the First Presbyterian church, it is announced by the Rev. William C. Robinson.

provide light and ventilation for this room which measures 11'4" x 11". The open stairway gives an appearance of spaciousness to the second floor. A window at the head of the stairs lights the L-shaped hall that connects the four rooms. Between the window and the bathroom is a large linen closet; another closet is located between the bathroom and the door to the master bedroom.

Measuring 14' x 11'4", the bathroom has a large closet, with double doors, in the back wall and a closet, opening off the dressing room, at the front behind the stair wall. One of the small latticed windows lights the dressing room while the second lights the closet in the other front bedroom.

The back bedroom, at the other side of the house, is 11'4" x 12'6". The front bedroom which measures 12' x 11', has two closets in the inside wall. Each bedroom has two windows and ample wall space for arranging heavy furniture pieces. In the full cellar the heating plant should be located beneath the living room; the laundry would be placed beneath the lavette. You can partition off the rest of the cellar to suit your needs.

**Plans Available**  
Complete plans and specifications for "The Princeton," and other houses in this series, are available at moderate cost. To ascertain the exact price of these documents, write to the Home Building Editor, Dept. 18, The Gettysburg Times, and enclose a self-addressed envelope bearing a three cent stamp. At least one week should be allowed for a reply.

### COVERS THE NICKS

When painting unfinished furniture, nicks and other imperfections will show less if you stain-tilt the furniture first. Then apply paint, using at least three coats. Be sure to let the stain and each coat of paint dry thoroughly before adding the next.

### PROTECT STORED LUMBER

If it is necessary to store new lumber for a while after it is purchased, coat the ends with paint or shellac. This will prevent the ends from drying out and cracking.

## Proportions For Concrete Floor Mix

Concrete for floors should be mixed in the following proportion by volume: One part of Portland cement, two and a quarter parts of a little less would prove stronger if sand, three parts of gravel or crushed stone. And not more than six gallons of water to a sack of cement; the cement were cured slowly.

### DRY PRIMER

Sometimes breaks appear in the surface of a paint coating in a pattern, rather resembling the appearance of an alligator hide. This is called "alligatoring" and is usually caused by the application of hard finishing coats over a soft primer—especially before the primer has thoroughly dried. A priming coat should be allowed to dry thoroughly. It should always be as hard or harder than the outer coats.

## Household Hints

Should bookcases which are built in features of a living room be painted to match the woodwork? The rug in the room is solid gray and the woodwork is dark. Furnishings include a red leather chair and two walnut tables. What color do you suggest for

walls and ceiling, slip cover for a divan and draperies?

L. C.  
The built-in bookcases could be finished to match the room's woodwork, and bookcases could be painted white. For the walls in your room I suggest hunter's green; ceiling, white; divan slipcover, chartreuse and draperies, a pattern in red and green on a white background.

Please suggest harmonizing colors for drapes, bedspread and dressing table skirt in a guest room with light green walls and maple furniture.

T. J.  
The draperies could be yellow, brown and white plaid; the bedspread a green quilted chintz with a dust ruffle of the drapery fabric; the dressing table skirt of yellow dotted Swiss trimmed with green.

My kitchen woodwork is white and the lower part of the walls is black and white tile. There are white Venetian blinds with red tape on the windows. ## PEACE PLAN FOR KOREA IS BEING READIED

New York, Sept. 27 (AP)—Paced by Britain, a strong movement was underway in the United Nations assembly today to frame a peace and relief plan for Korea, to be ready to go into operation when mounting U. N. military successes are complete.

A general British plan is being circulated among many delegations for suggestions. A number of countries probably will act with Britain to sponsor a completed resolution, based on the idea that all Korea should be free and independent, with a government elected under U. N. supervision.

Such a plan, approved by the United States and following British Foreign Minister Ernest Bevin's assembly plea for the U. N. to be ready to help all Korea, would probably get emergency treatment and be rushed through committees and the assembly.

### To Admit Indonesia

Although the general plan calls for the U. N. to continue its collective military assistance to the Republic of South Korea, none of the plan's sponsors would comment on whether U. N. forces now should go north of the 38th parallel, across which North Korea launched its forces.

Talk of the plan occupied most delegates last night, after the assembly debated much of the day and battered down Russian and satellite opposition to placement of numerous controversial items on the agenda.

The Security Council, after a long procedural wrangle yesterday afternoon, voted to admit the Republic of Indonesia as the U. N.'s 60th member. Approval by the assembly was considered certain. But the council deferred until a meeting this afternoon (3 p.m. EST) another debate on inviting a Chinese Communist spokesman to come here for council discussion of Russia's

## Playwright's Son Takes Own Life

Woodstock, N. Y., Sept. 27 (AP)—Eugene O'Neill, Jr., 43-year-old son of the famous playwright, killed himself on Monday in a fit of despondency after a broken engagement.

A classical student and a teacher of drama, literature and ancient Greek, he chose a form of suicide traditional with the Roman stoics. He sat in his bath with a razor. Ulster County Coroner Ernest O. Kelly listed the death as a suicide.

Before O'Neill died, the coroner said, he staggered downstairs. His body was found on the lower floor by a neighbor who came to call. The house is located in an artists' and writers' community in the Catskill mountains, north of New York City.

## Officer's Case Being Reviewed

Somewhere in Korea, Sept. 27 (AP)—The army theater commander has before him for review Tuesday the death sentence imposed upon First Lieut. Leon A. Gilbert, Manchester, Pa., negro infantry officer, for refusing to lead his men in the line.

Gilbert, of Company A, 24th Infantry Regiment, was a combat veteran of the 92nd Infantry in Italy during World War II. Gilbert was convicted and sentenced on July 30 to die. The charge on which he was tried by a court martial under the 75th Article of War was that in the presence of other officers he refused to lead his men into position despite a direct order.

Last Friday, Gilbert's wife, residing in York, Pa., appealed to Pres-

charges that U. S. policy on Formosa constitutes aggression against China.

## PLANE CREW IS RESCUED

Halifax, N. S., Sept. 27 (AP)—American officials today credited excellent survival training with a major role in the escape of 16 U. S. military men from the Labrador wilderness after their B-50 bomber caught fire and crashed.

Brought to Goose Bay for medical treatment Monday, the men had spent three days in the chilly wasteland before a Royal Canadian air force search plane spotted their smoke signals.

Supplies were dropped and a medical officer parachuted to the scene. Later a helicopter and a Canadian amphibious plane teamed up to recover them and fly them to Goose Bay.

The bomber was on a routine flight from Goose Bay to Tucson, Ariz., Thursday when two engines caught fire and a third stalled. The 12 crew members and four passengers bailed out about 95 miles southwest of Goose Bay.

One man who landed in water broke his leg. The others suffered only minor injuries. Scattered when they landed, some of the men lit huge bonfires which attracted the others. All 16 had banded together again by Friday morning. They built a shelter from parachutes and used others to signal rescue planes.

President Truman to set aside the death sentence. She is the mother of two children and expecting a third. She returned from Japan after the Korean war started June 25.

Laboratory tests have proven the insulation value of three inches of wood to be greater than 12 inches of common brick or 20 inches of concrete.

## Identifies Wealthy Man As Attacker

Wellesley, Mass., Sept. 27 (AP)—A newly-married business school student Tuesday looked up from his hospital bed where he lay critically wounded and pointed out a wealthy business executive as the man who shot him in an argument over his bride.

Joseph Krul, 32, sophomore at Babson Institute, accused Alan G. Richards, 57, of the shooting in a dramatic face-to-face meeting before Richards was brought to court and he'd without bail on a charge of assault with intent to murder. He pleaded innocent.

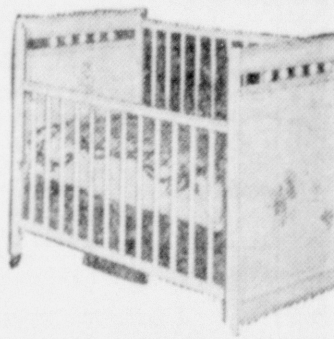

Krul charged Richards shot him four times on Monday after a heated argument when the businessman demanded love letters he had allegedly sent the student's bride of two months.

# BIOGRAPHY OF TRUMAN MAY AFFECT VOTES

BY JACK BELL

Washington, Sept. 27 (AP)—Jonathan Daniels' biography of President Truman set political skeletons dancing today in a parade which might affect the November congressional elections.

Republicans picked up from the writings of the Presidential confidante and former White House aide the statement that Mr. Truman appeared "lost in uncertainty and ineptitude" in handling one vital foreign policy decision in 1946.

Scratch Democrats whom the administration has been trying to woo back into the fold bristled anew at word the President once said James F. Byrnes had "failed miserably as secretary of state." The New York Herald Tribune quotes Byrnes as replying: "If he felt that way, why should he have wanted a miserable failure around?"

Truman Read It First  
Truman supporters found solace in repeated presidential statements as recorded by Daniels that Mr. Truman had opposed for years any policy of appeasement of Russia. Daniels, who is publisher of the Raleigh, N. C., News and Observer and is Democratic national committeeman for his state, titled his book "The Man of Independence."

A White House aide said Mr. Truman read part—but not all—of it in advance of today's publication.

There seemed little doubt that Mr. Truman had looked over—and thus unofficially approved—the quotes in which he slapped at Byrnes, his former secretary of state who is now in line to become the next Democratic governor of South Carolina.

The President may have missed, however, some of Daniels' own observations and such incidents as that in which Mr. Truman was quoted as saying that Winston Churchill tried to get him not to withdraw American troops from Prague, Czechoslovakia, but he insisted that it must be done to keep agreements with the Russians.

"But if I had known then what

It's one way to make a living and Miss Evelyn is the only girl in the world to make it in this manner. She places her pretty and completely unprotected head into the massive jaws of a giant elephant and is carried around the track in that fashion. She'll do it at both performances of the Rotary Club circus on Wednesday, October 4, at the Gettysburg Recreation area. The Rotary club, raising money for its dental clinic, will bring in the world's largest motorized circus, the Mills Brothers three-ring circus. Heaviest benefits to the fund come from sale of advance tickets, which the Rotarians have available now. For convenience of patrons, a downtown ticket agency has been set up at Britcher and Bender's drug store where reserved and general admission seats can be secured.

I know now, I would have ordered the troops to go to the western boundaries of Russia," Daniels quoted the President as saying.

Daniels wrote that the President had read the "riot act" to Byrnes aboard the presidential yacht "Williamsburg" after the 1945 Moscow conference because he believed Byrnes had weakened the American policy toward Russia with too many

concessions. "I told him that our policy was not appeasement and not a one-way street," Daniels quoted the President.

# Looking for honest-to-goodness COMFORT?

# Better Buy Buick!

You've probably heard a lot of talk about comfort in 1950 cars.

But we'd like to offer one suggestion, which is—let a Buick speak for itself.

We'd like to have you settle yourself (your family too, if you have one) on a Buick's soft, deep, comfort-angled cushions, and see how restful they are.

More than this, we'd like you to sample that comfort in motion. Slip your fingers around that slender steering wheel, touch toe to treadle and take off in the smooth, unbroken surge of power that Dynaflo Drive\* delivers.

We'd like to have you hunt out some of the less-smooth streets or back roads that never seem to get fixed—and put Buick's soft coil springing and solid underpinning to tough and practical test.

## U.S. Disavows Any Territorial Aims

Washington, Sept. 27 (AP) — If the United Nations undertakes to restore peace and order in North Korea, American officials figure that other member countries have 50,000 troops available for the job without U. S. help.

The United States is telling friendly U. N. members in informal negotiations that they will have to carry the main burden if the current military drive in South Korea crosses the 38th parallel or if the

U. N. decides to place an army of occupation in North Korea after the fighting stops.

The attitude is grounded in an American disavowal of any territorial or permanent military interest in Korea. It also is aimed at quieting any possible Russian fears that this nation is edging in for a position from which a blow might be aimed at the Soviet.

Any such plans are based on an assumption that Russian or Chinese Communist troops will not move into North Korea.

President Glenn Guise presided at the business meeting Tuesday night. A letter was read from the Women's Civic Council, congratulating the Exchange club on the Christmas lighting project. "The appreciation of your work is widespread," the letter said.

### Being Congratulated

President Glenn reported that he had received numerous telephone calls and other verbal messages congratulating the Exchange club for taking over the lights.

A letter was also read from Donald C. Joseph, Recreation director, outlining plans for a Halloween parade here. Robert P. Snyder was appointed to represent the Exchange club on the general committee for this affair. The committee will meet at the American Legion home, Baltimore street, Thursday evening, at 7:45 o'clock.

John Wible was accepted as a new member of the club. Jay Bringham was appointed to assist John Stentz in the preparation of the club's weekly bulletin, and Robert P. Snyder and George Haenn were added to the program committee. Mr. Snyder had as his guest Elmer Parker, Harleysville insurance representative.
